Dear Sir,

Please inform me of the price for your "Whitewash" books — Volumes 1 & 2, and if I may quote from them for radio use here on W70W of WMMT.

As program director and staff announcer, I've been running a daily commentary on Kennedy's assassination & the errors & failings of the Warren Commission Report. There is big interest in this area, and promo of your book here there air use could zoom its sales. Our W70W station is a 50,000 watt operation. FM has it's stat. coverage being located atop Mt. Mitchell - highest point in the Eastern U. S.

Let me hear from you on this.

Sincerely,
Dave Belletier
